

**SERIES 5004  
AIR MIXER, VARIABLE SPEED,  
DRUM LID MOUNTED  
VERY HEAVY DUTY**

**MODEL VHD-150LBG**

Features:

- Air motor and variable speed controls
- Standard drum lid, carbon steel or stainless
- Outboard bearing and lip seal
- Double blades, top with hub, HSF-04

This air mixer model is bolted with a gasket to the lid and may be easily moved from one open drum to another. The bearing housing contains an outboard bearing for mixing shaft stability and a lip seal to contain vapor. The high shear blade may be replaced with a marine type propeller or very high efficiency turbine or folding impeller. This model is equipped with 2 high shear blades type HSF and a 1 1/2 HP air motor with a variable speed range of 300 to 3000 rpm.
